- A: GRITBLASTED**
A high-pressure airline projects coarse-grained abrasives, giving a regular non slip finish.
- B: FLAMED TEXTURED**
Heat and water combine to achieve a regular textured finish.
- C: HONED**
A smooth finish with a slight sheen, produced by using a polishing head.
- D: SPOT TEXTURED**
The top surfaces of sawn slabs are pneumatically tooled to produce a pitted surface.
- E: SANDED**
The top surfaces of sawn slabs are coarsely diamond sanded to produce a non slip finish.
- F: LINE TEXTURED**
The top surfaces of sawn slabs are pneumatically tooled to produce a grooved surface.
- G: RIVEN**
A finish in which the stone is split along its natural cleavage plane.
- H: WATERJET**
A similar finish to honed but with greater slip-resistance.
- J: POLISHED**
A smooth high gloss finish, produced by using a polishing head. For limestone only.
